## 9. Essays

*Choose any three of the five topics. Please respond in the space below the topic or attach additional pages for each essay with the topic clearly designated. Responses should be in essay format and should be between 500-1000 words.*

**Topic A: Explain what is wrong with the status quo.**

**Topic B: Democracy is often touted as the surest way to a society that is best for all concerned parties, but it is clear that democracies often discriminate against minority groups, and there are inefficiencies introduced by the endless cycle of debate and the system of checks and balances. Dictatorships are clearly more efficient, and when run properly can benefit society more than a democracy can. Please choose one side in this debate and argue your case.**

**Topic C: Make a case for your membership in the GNU Public Dictatorship's Board of Dictators. Explain why you are essential to our success.**

**Topic D: Brads are known to be very sinister. Please explain how you have defended the world against this threat and how you would use your office (should you be chosen) to keep everyone safe from brads.**

**Topic E: Who is the coolest member of the Board of Dictators and why is he/she the coolest?**
